Basics

Front-end Developer (React & React Native)

Front-end developer with a master's degree and over 5 years of professional experience primarily in React. I have worked for numerous clients (Capgemini, Sanofi, TotalEnergies, startups, etc.), all of whom have been satisfied with my work. I am accustomed to working in an agile methodology.

PROFESSIONAL EXPERIENCES

React Developer Since November 2023

Airship Remote

- Developed and maintained responsive user interfaces using React, enhancing user experience and performance.
- Collaborated with cross-functional teams, including designers and backend developers, to implement scalable features and functionality.
- Participated in Agile development processes, contributing to sprint planning and daily stand-ups to ensure timely project delivery.
- Conducted code reviews and implemented best practices to ensure code quality, maintainability, and scalability.
- Utilized TypeScript for type safety, improving the reliability of the codebase and reducing runtime errors.

React Native Developer From April 2022 to November 2023

Luko Remote

- Collaborate with Mobile and Backend engineers to design and implement impactful features for our users.
- Work with designers, product managers, and all stakeholders to complete the roadmap of our application and communicate the project's progress.
- Maintain the robustness and reliability of certain parts of the codebase.
- Deliver moderately complex projects on time while adhering to the team's best practices.

Software Development Engineer From May 2020 to April 2022

Capgemini - Sogeti France Issy-les-Moulineaux, Île-de-France, France · Partially remote

SogetiLabs Paris is a laboratory for innovation and R&D.
Projects completed using stacks (React & React Native in TypeScript) for the following clients:
- ACCOR
- KIABI France
- SANOFI
- TOTAL Énergies

React Native Developer From June 2019 to May 2020

NOBO Boulogne-Billancourt, France

- React Native
- Node JS
- Designed and developed cross-platform mobile applications using React Native, enhancing user engagement and accessibility.
- Collaborated closely with UX/UI designers to create intuitive and visually appealing interfaces that improve user experience.
- Integrated RESTful APIs and third-party libraries to implement robust application features and functionalities.
- Participated in code reviews and maintained high standards of code quality, performance, and scalability.
- Worked within Agile methodologies, actively participating in sprint planning and retrospectives to ensure project alignment and timely delivery.

Nurse From 2014 to 2016

ASSISTANCE PUBLIQUE HOPITAUX DE PARIS Paris, Île-de-France, France
